Log in screen after prompt brings to either user screen or admin screen

The image shows a screenshot of a login window titled "photoalbum.fxml". The window has a standard title bar with a minimize button, a maximize button, and a close button. The main content area is white and contains the following elements:

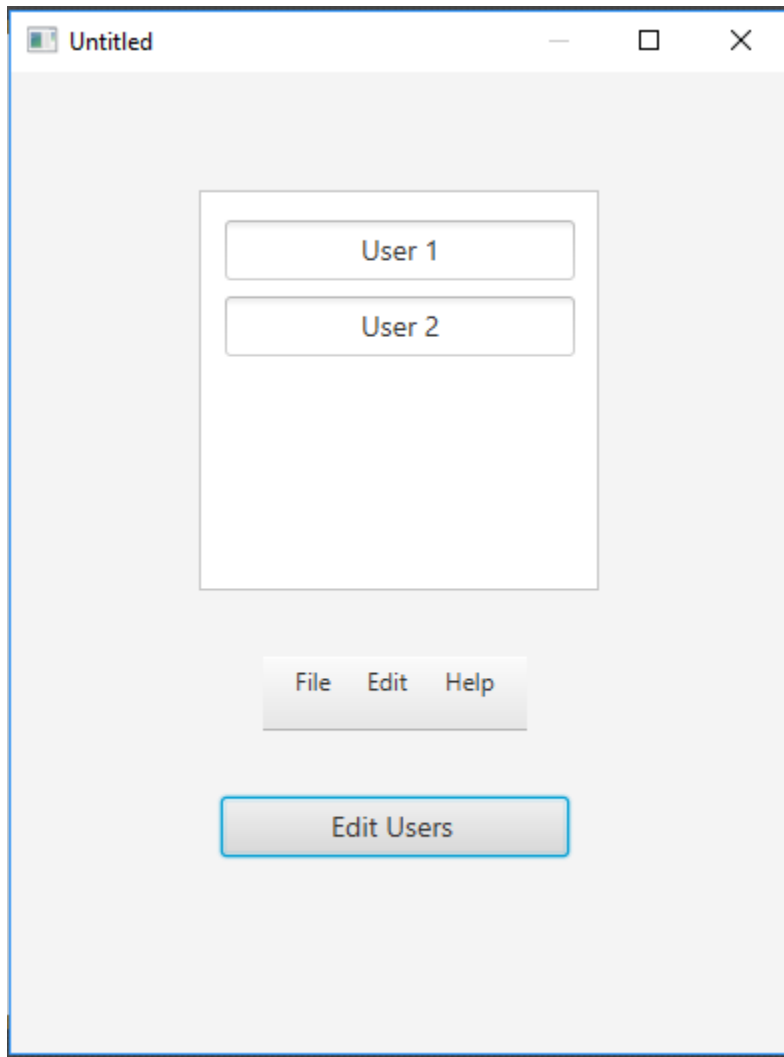

- A text input field labeled "USERNAME" in a light gray font.
- A text input field labeled "PASSWORD" in a light gray font.
- A button labeled "Log-in" with a blue border and a light gray background.
- A link labeled "Show Details" in a dark gray font.

Invalid log in page shows if invalid input

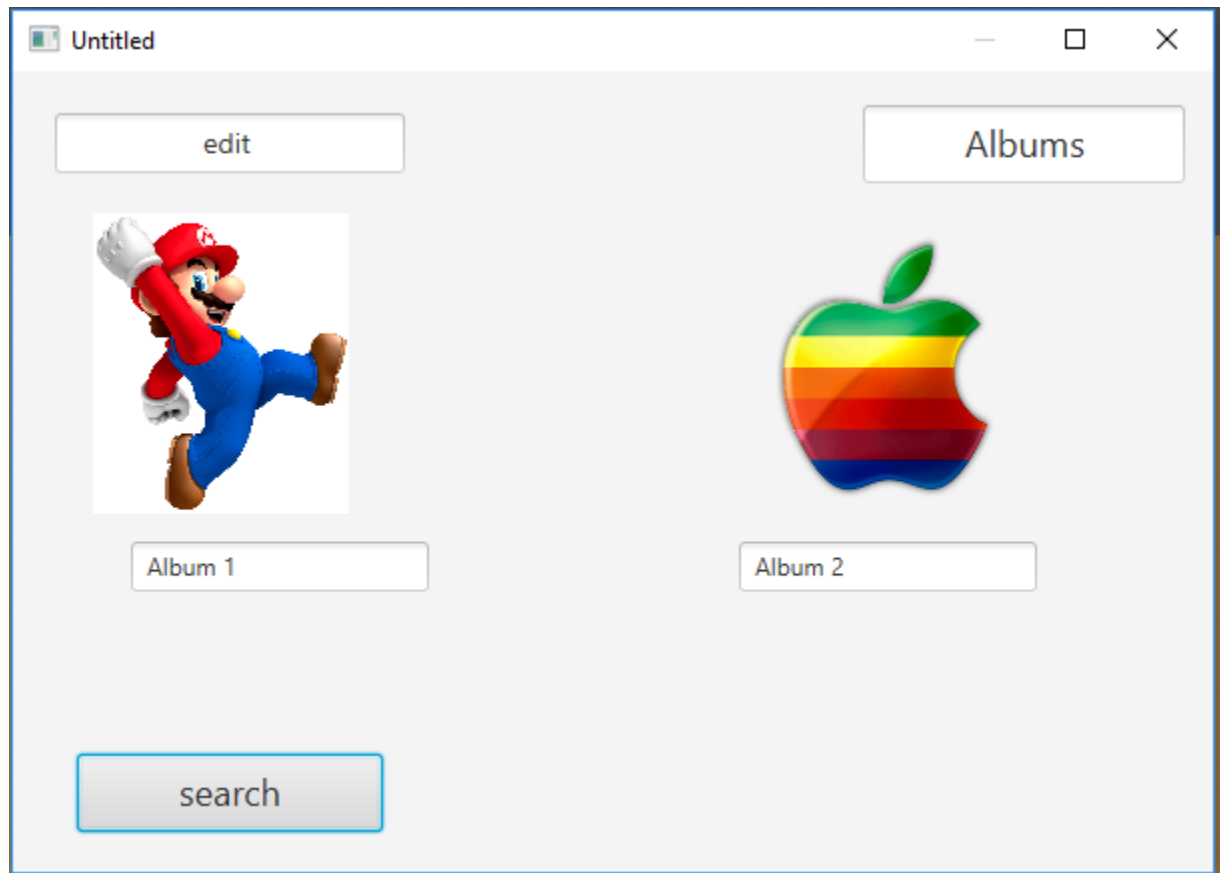

Allows user to go back

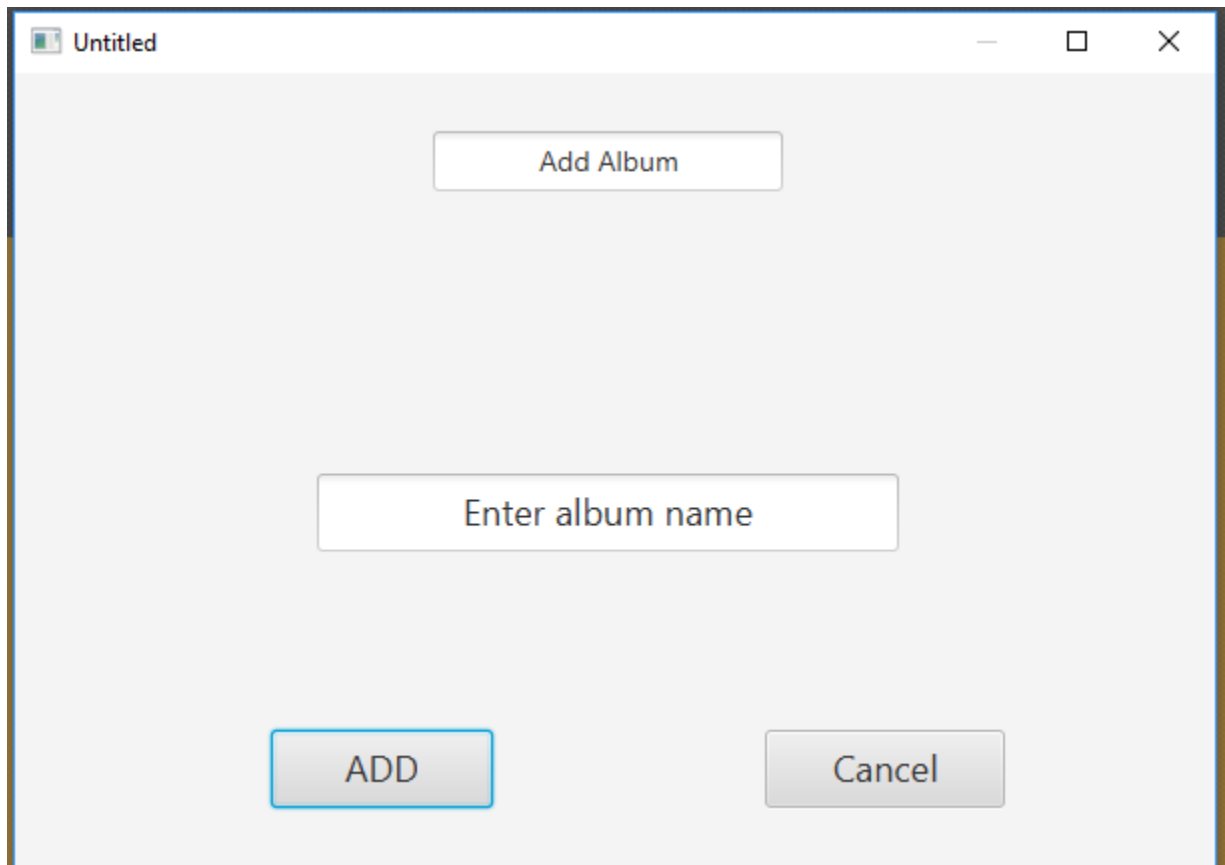

Admin page allows edit of users

User page non admin page

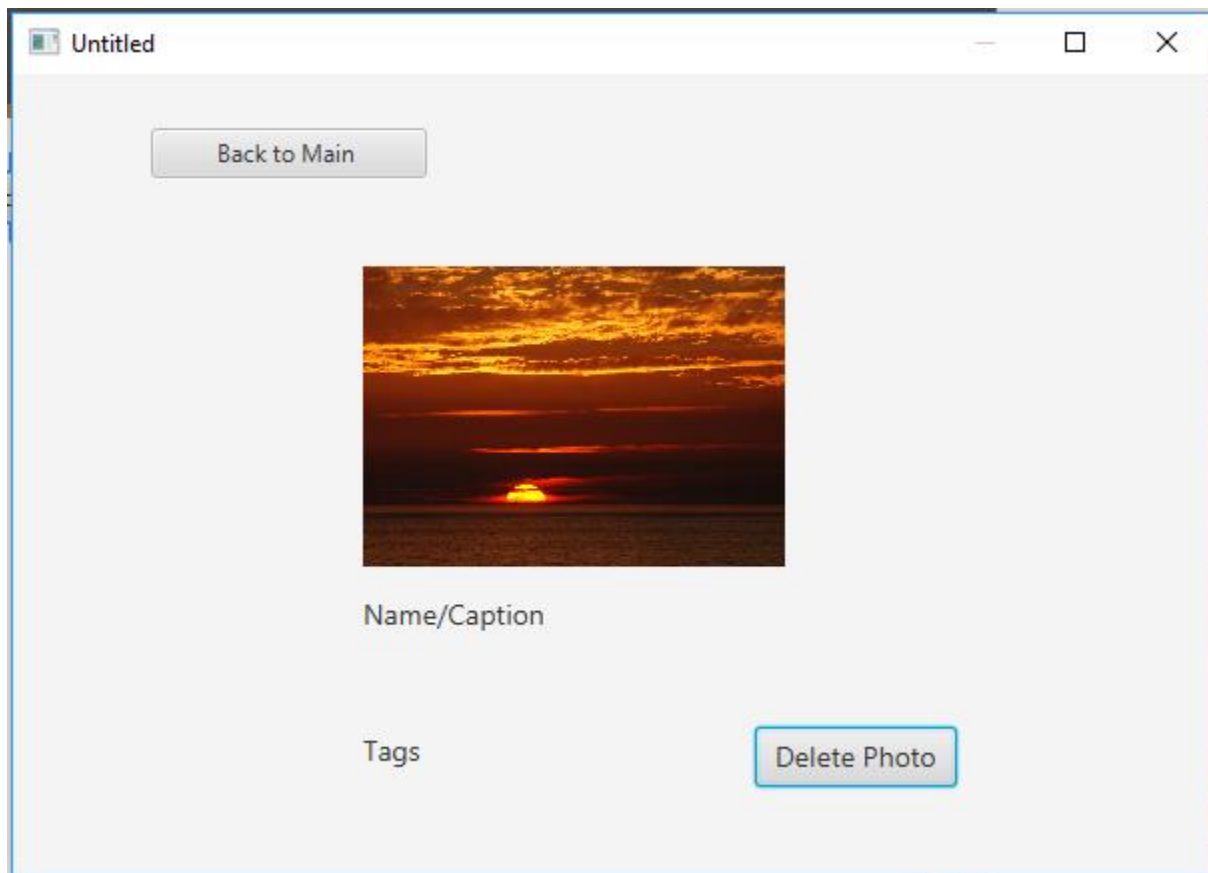

Albums edit /add page

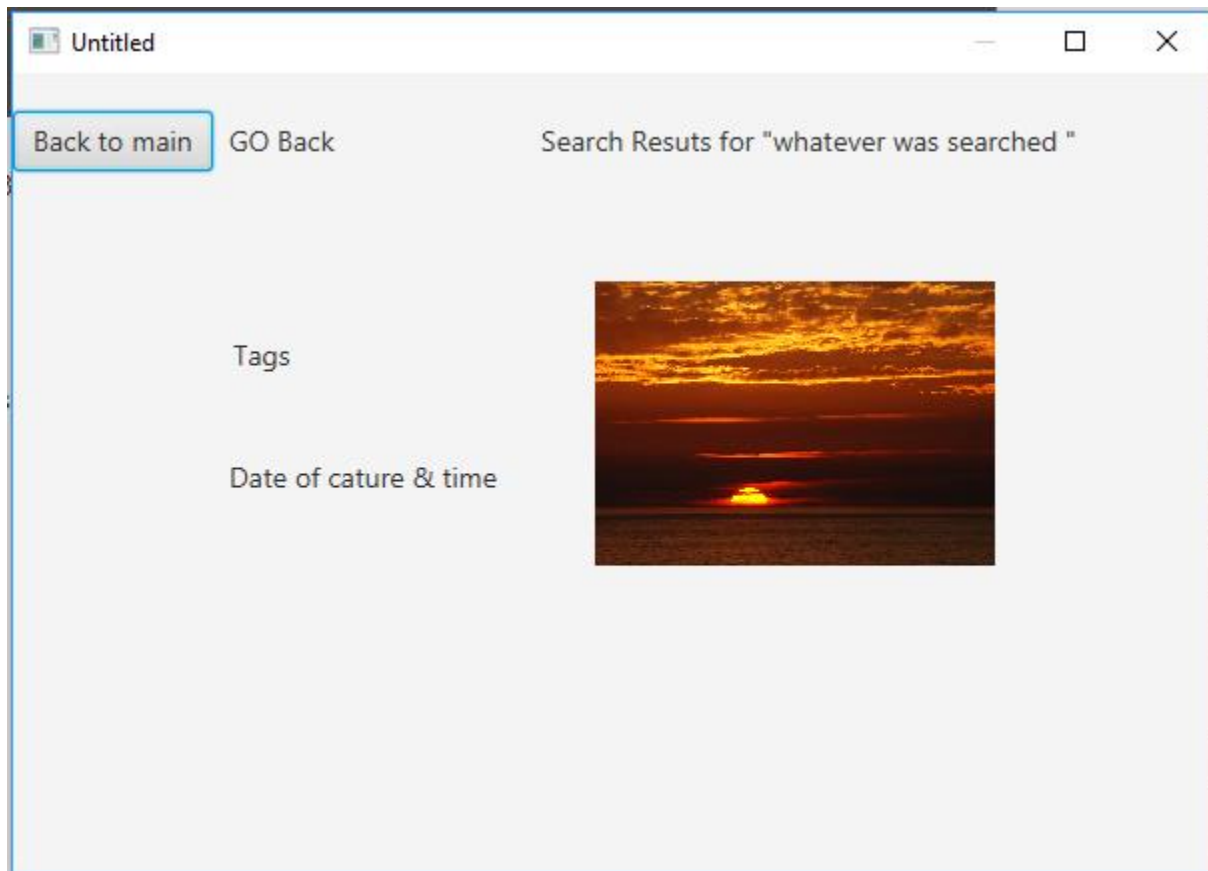

The image shows a web browser window with the title 'Untitled'. Inside the window, there is a form for adding a new album. The form consists of a single text input field with the placeholder text 'Enter album name'. Below the input field, there are two buttons: 'ADD' and 'Cancel'. The 'ADD' button is highlighted with a blue border, while the 'Cancel' button is a standard gray button. The background of the form is a light gray color.
